VERDEJO & ALBILLO

FOLLOW THE SHEPHERD

Andrés Alonso takes you on a journey of discovery through Spain. With the largest number of vineyards in the world, the country boasts a wealth of both well-known and lesser-known grape varieties and wine regions. Together with Andrés Alonso, a shepherd from the Sierra de la Culebra (Aliste, Zamora) and a friend of the family, we'll take you to the various hidden gems of the Spanish countryside. After all, the shepherds are the privileged guardians and observers of this beautiful landscape. Andrés Alonso has been our greatest inspiration for this adventure.

HIGH-QUALITY WINE FROM THE PISUERGA VALLEY AND THE TOROZOS

Beautiful wine region 13 km north of Valladolid. The vineyards are located at an altitude of 800 meters, in the municipality of Mucientes, in the Pisuerga valley, at the foot of the Toroedos mountains. The soils are mainly clay-limestone and stony. The climate is continental and characterized by strong temperature fluctuations, both during the day and night and between seasons.
